WHO I AM?

Hey, I'm Bhavika! 🙋

I'm sooo happy you're here!

Let me quickly introduce myself : I'm a woman, a wife, a mom, and an entrepreneur with a big dream.

I have a Master's in Engineering, but after marriage, life got busy with family stuff and I never got to start my career.

Still, I always had this strong feeling inside me... I wanted to build something of my own.

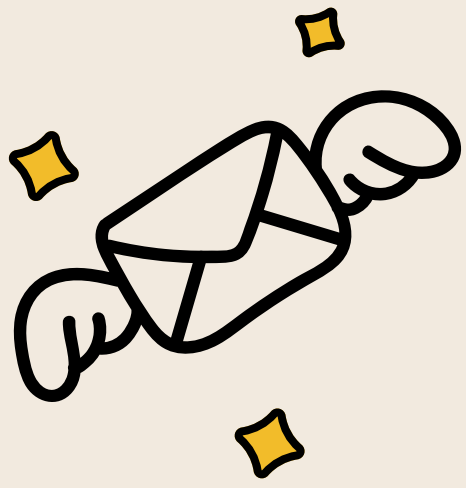

That's when I found digital marketing and honestly, I fell in love! I've tried blogging, social media, all the things... but guess what? Affiliate marketing + Email marketing totally won my heart 📧❤️

Why? Because it works. No fighting with social media algorithms or worrying about Google rankings. You get to actually reach your audience. And it's not just for affiliate stuff, email marketing can grow any small online business in amazing ways.

So whether you're just starting out or already doing your thing, this little guide I made is for you.

And I can't wait to pop into your inbox with more tips, tools, and real talk to help you grow!

See you there 😊 – Bhavika

CHAPTER 1: WHAT IS EMAIL + AFFILIATE MARKETING?

Affiliate marketing is when you promote other people's products and earn a commission for every sale you generate.

Email marketing is how you build a list of people who trust you and then recommend those products to them in a helpful, authentic way.

Combined, they're powerful. Your email list becomes your asset: something you own, where you can build real relationships and earn money consistently.

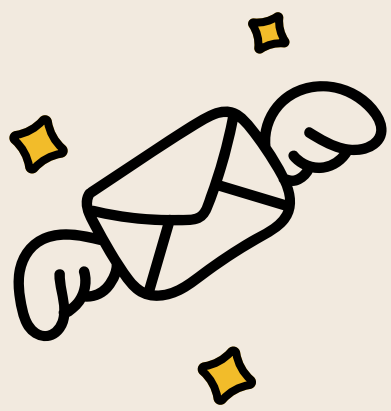

CHAPTER 2: WHAT YOU REALLY NEED TO GET STARTED?

Here's the good news: you don't need to be a tech expert or have a huge social media following.

You just need:

- An email marketing platform (like Aweber)
- A valuable freebie (also called a "lead magnet") to attract subscribers.: Lead Magnet? You can read full detailed article [here](#)
- A few basic emails to welcome your audience: What to write in emails? [Download free](#) ready to send email templates
- A trustworthy affiliate product to promote

That's it. Keep it simple. Start where you are.

CHAPTER 3: THE SIMPLE SYSTEM THAT WORKS

Step 1: Grow Your List

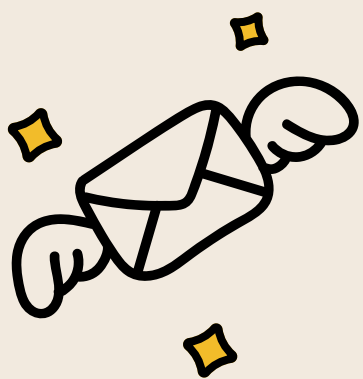

Use social media, YouTube, or blogging to offer your lead magnet in exchange for an email address.

Step 2: Build Trust

Send helpful emails that teach something simple, share your journey, or give tips related to your niche.

Step 3: Promote with Purpose

Introduce affiliate products that solve your audience's problems. Use personal stories and honest recommendations

CHAPTER 4: COMMON MISTAKES TO AVOID

1. Jumping into promotions too fast (build trust first)
2. Overcomplicating your funnel (keep it simple)
3. Ignoring your audience's needs (always serve first, sell second)
4. Giving up too soon (consistency is key)

CHAPTER 5: WHAT YOU CAN DO IN THE NEXT 7 DAYS

Day 1: Pick a niche you care about

Day 2: Choose a beginner-friendly email platform

Day 3: Create a lead magnet (checklist, eBook, templates, PDF, Webinar Etc)

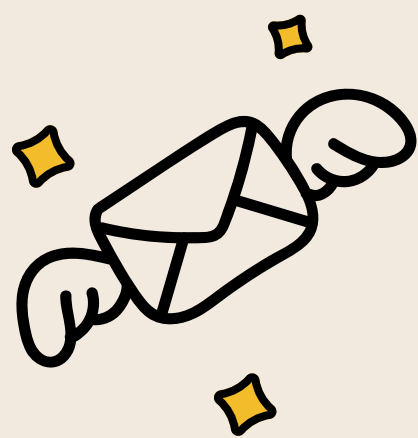

Day 4: Set up your opt-in page and welcome email

Day 5: Find 1 affiliate product to promote

Day 6: Write your first 3 emails

Day 7: Share your opt-in on social media or with friends

You don't need perfection you just need momentum.
